

3. Give an honest evaluation of this list of people.
 - a. What types of people are a part of Shiloh that are not represented on your list?

 - b. What types of people represent your neighborhood that are not represented on your list?

 - c. What types of people are present in other areas (school, work, etc.) that are not represented on your list?

4. Spend some time praying and asking the Lord to reveal any partiality or favoritism that might be influencing you in your relationships.

Act

Reach out to someone in the church body you normally do not interact with and try to line up a phone or video conversation. If that cannot happen, try a pen pal interaction. Share each other's stories:

1. Share how you became followers of Jesus.
2. Share how you became a part of Shiloh.
3. Share what God has been doing in your life these last few months.

After that, try to line up a future in-person interaction after quarantine.
